

HOLISTREE

CAREER EXPLORE Program for Working Professionals

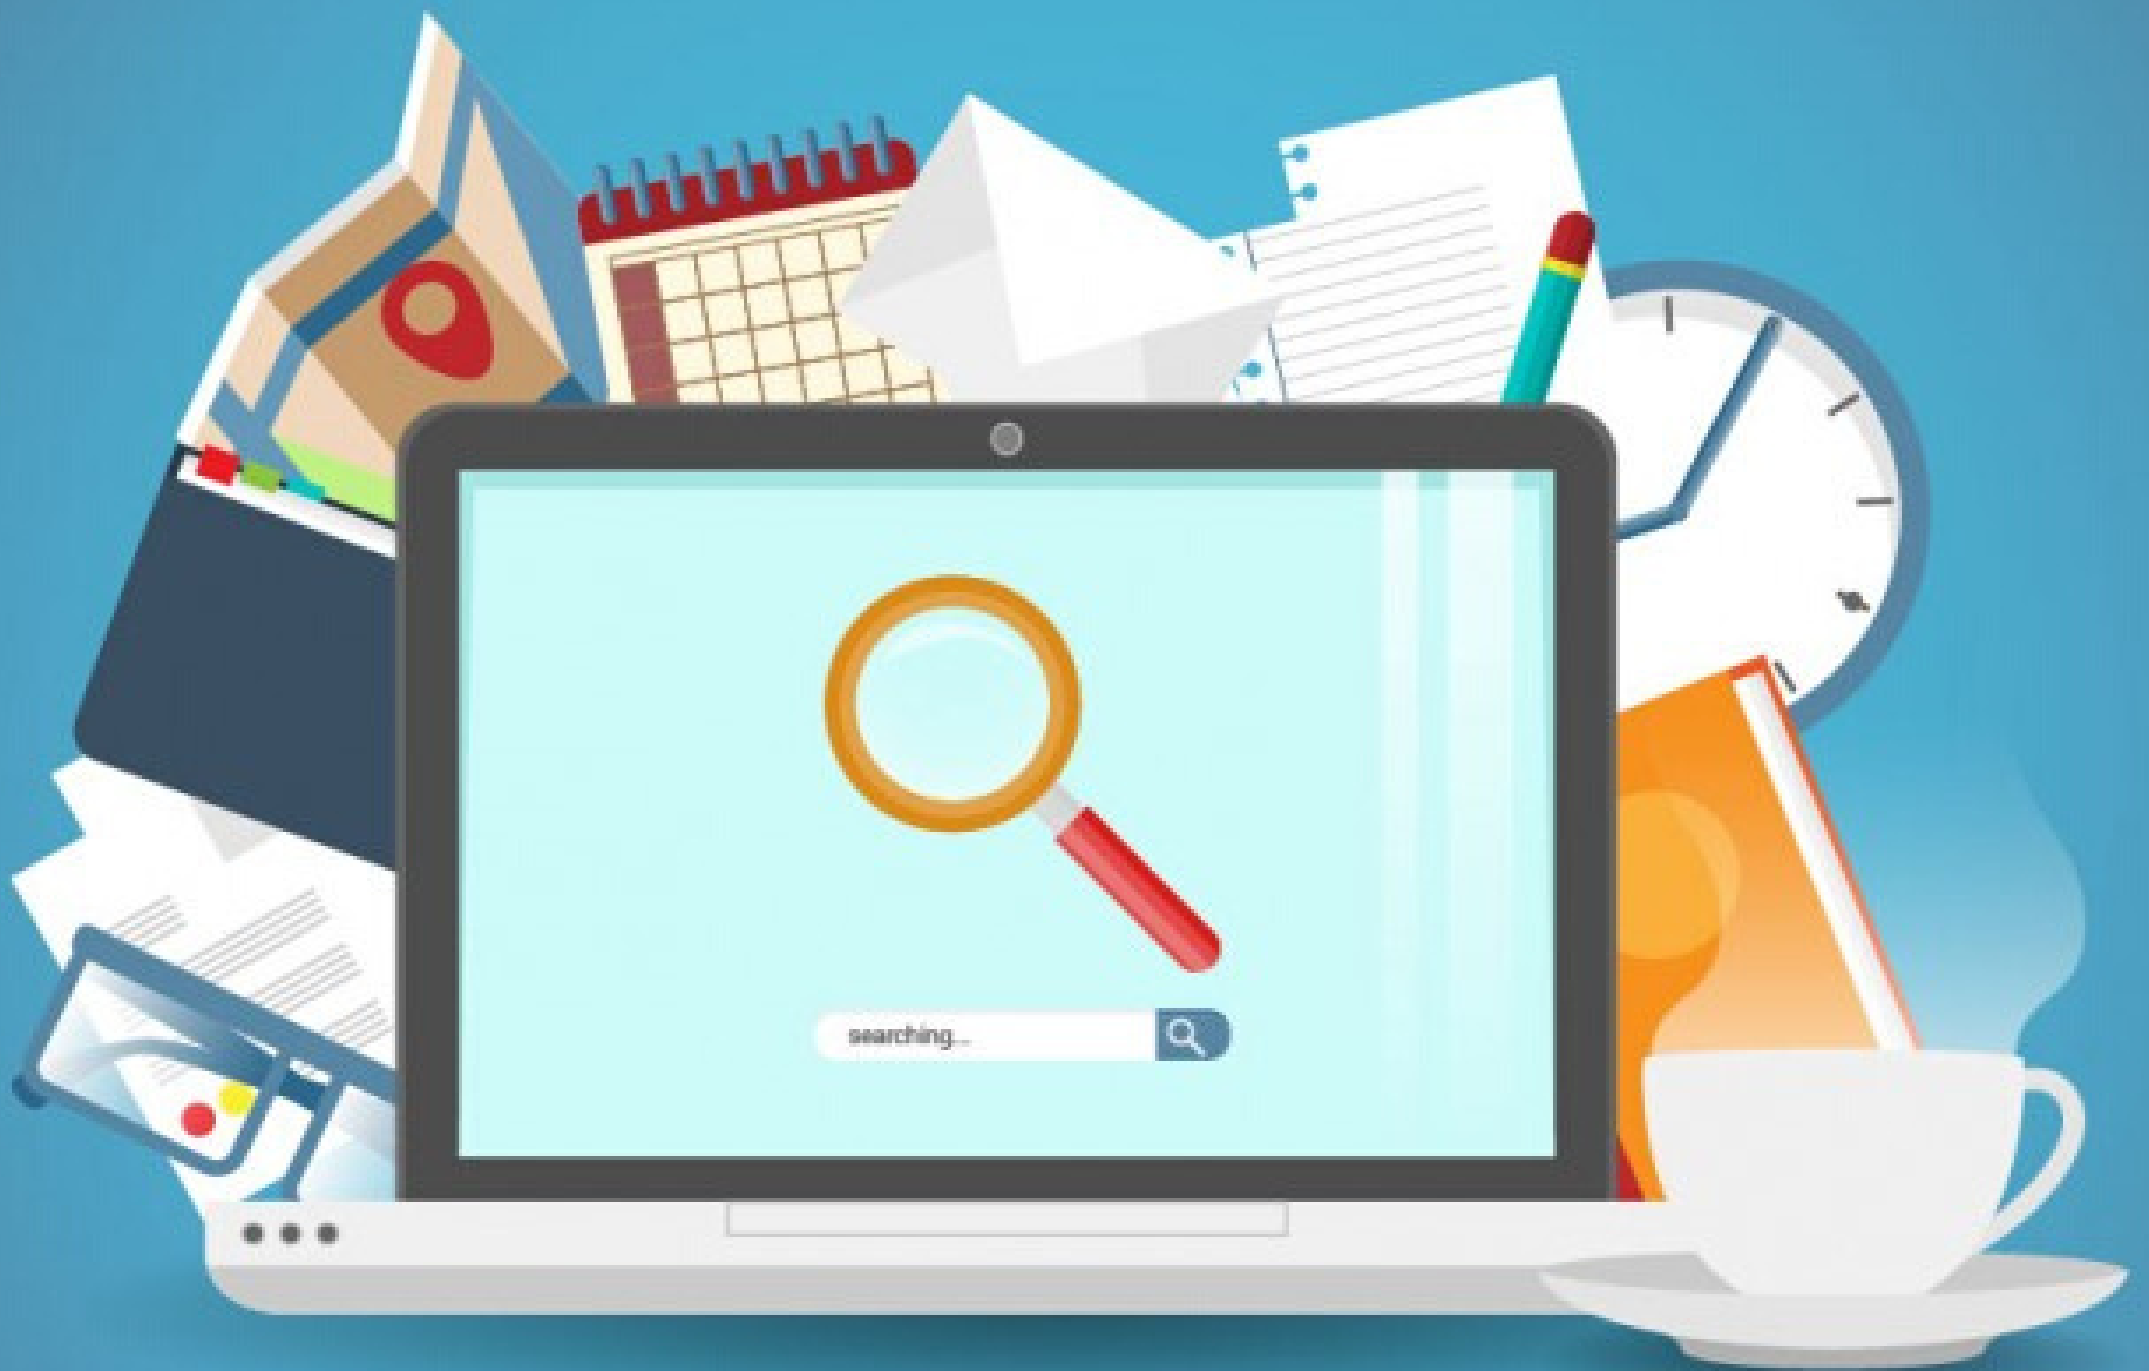

Change is hard.

*But so is staying somewhere in a place
you don't belong.*

CAREER EXPLORE

Planning & Research Based Model

"Career decision affects all areas of ones life. Instead of going random, lets make it a planned decision."

How does Holistree approach Career Designing?

- Understanding challenges & current space in your career
- Understanding each aspect of your life & journey until now
- Understanding your social structure
- Conducting personality & skill based test
- Proposing 3-4 career paths
- Discussion of career options & doubt solving
- In-depth planning & intricate research considering practical aspects of your life - family, finance, marriage and other responsibilities
- Designing final plan to execute
- Career support for any doubts, confusion and queries

What are the Outcomes of this Program?

- Understand yourself holistically thus helping in better decision making
- Career options that fulfill both heart & mind
- Realistic Planning & Executing Career Options with possible practical challenges thus being well prepared in advance
- Solutions to the core reasons & challenges being faced in the professional front
- Support system available at each stage whenever confusion or queries arise
